

# EXECUTIVE LANGUAGE COACHING FOR HEALTHCARE PROFESSIONALS

*Unlock Leadership Potential Through Communication*

[www.diversityatworkcommunications.com](http://www.diversityatworkcommunications.com)

## The Challenge

- **Pronunciation and intonation**— patients and colleagues may struggle to understand, leading to miscommunication
- **Tone and diplomacy**— wrong tone can unintentionally offend or confuse in sensitive situations
- **Culturally specific knowledge**— especially when discussing end-of-life care, mental health, or conflict resolution
- **Business writing and Canadian workplace etiquette**— knowing how to write persuasively, professionally, and appropriately for healthcare settings

## BENEFITS FOR HR TEAMS

- Improved retention of internationally trained staff
- Stronger leadership

## Our Solution

Diversity at Work's Executive Language Coaching delivers tailored training that equips internationally trained healthcare professionals to step confidently into leadership roles.

### Executive Presence:

Build authority in clinical and administrative settings.

### Strategic Communication:

Lead meetings and presentations with clarity and impact.

### Intercultural Competence:

Navigate diverse teams with confidence and respect.

### Patient-Centred Care:

Strengthen outcomes through improved communication.
